"We built MiCIL on a promise:
*to give CILs the best data management system
available, that is both powerful and very easy to use.
For 18 years, that's what we've done!*

*We are driven by a mission far beyond maximizing
profits. We work passionately to provide
tools to strengthen CILs and support them
in their extremely important work."*

- Michelle Tanabe, President

More EXPERIENCE - 18 YEARS!

MiCIL is the original peer developed system. A trusted CIL partner since 1999, with a proven track record of strengthening CIL's standing with audits and State and Federal reporting. **MiCIL** makes compliance easier.

**MiCIL
Offers
More!**

More REPORTS

Ever feel like your center is working harder but your reports just don't show it? Trust **MiCIL** to showcase your center's hard work. **MiCIL**'s intelligent, customizable reporting has the advantage of collaboration of CILs in over 21 States. Their collective knowledge and experience facing challenges over the last two decades have resulted in powerful, flexible reporting that goes far beyond the Federal '704' report.

More OPTIONS

MiCIL is a unique cloud system that is highly customizable, offering CILs more control over their data. **MiCIL** is simple to use and yet versatile enough to meet the data needs of small rural CILs to the largest CIL. **MiCIL** can track your data for one or multiple offices, with accuracy, no duplication of data entry, and it includes built in compliance intelligence to ensure consumer files are compliant!

“MiCIL online provides disaster protection.
In the event of prolonged internet loss, the **MiCIL** system
can be run locally with or without internet access.**”**

More ONLINE SECURITY

MiCIL takes data security seriously, offering a superior class of service designed with a multiple layered security structure that has been approved and is used by State government agencies.
