MiCIL supports CILs with quality, integrity and un-matched experience. Together, we are stronger... We credit our success to our superior reporting and to our CIL Members!

What CILs say about **MiCIL**

"I highly recommend MiCIL, especially for how easy it is to use with JAWS! Compared to our last data system, MiCIL is much faster for entering our Consumer Contacts and Goals, it saves me time and it does a better job of capturing the work I do for our reports."

Catrice Thomas, Independent Living Specialist,
Atlantis Community, Inc., Colorado (MiCIL Member since 2012)

"Thank you for creating MiCIL, it's really wonderful. I have seen a really big improvement with audits [for CILs] since they began using MiCIL."

Velja Elsrad, Older Blind Grant Administrator,
Division of Vocational Rehabilitation, State of Alaska (MiCIL Member since 2001)

"I couldn't recommend a better Database developer than Michelle Tanabe. She has a logical way of thinking through the most difficult problems that CILs face, and her experience is second to none regarding Independent Living Data Management."

Mark Obatake, Executive Director (Retired)
Hawaii Centers for Independent Living, Hawaii
Our first Partner and Original MiCIL Member since 1999

"I find MiCIL easy to use for the 704 Report. Especially for Section D, the hours spent for quantitative data in community services! I have been wooed by the other online services but I never felt they had what MiCIL has to offer."

Jamey George, Executive Director, The Freedom Center, Maryland- Member since 2001

"MiCIL support is always there for me when I have questions about critical reports. MiCIL allows us to record our data and report on it so that all of our services are reflected, so that others outside the independent living movement can see just how many lives we are touching. MiCIL is not just another vendor, they are a partner in the independent living movement, and seek change in the community with us."

Elaine Forrest, IT Director - The Whole Person, Missouri
